# — Bellami Extensions —

## NEED EXTRA LENGTH, VOLUME OR DENSITY FOR YOUR BRIDAL HAIR?

goldplated retails Bellami clip-in extensions in over 50 shades! Clip-ins are a great way to add length and fullness to your bridal style, whether you're choosing a classic updo, a boho braided half up, or vintage Old Hollywood waves.

PRICING BEGINS AT \$278.

Our process consists of a matching consultation to select your correct shade, after which goldplated will source your new extensions (in as little as 2 days!), and perform our signature extensions dry cleaning service, so they will be ready to clip in for your rehearsal dinner, wedding day and beyond!

We have chosen to partner with Bellami for our extensions program because they are an industry leader providing great quality 100% human hair extensions that will last years with proper care. Length and density varies depending on your desired final look and our team of bridal artists are well versed and ready to walk you through the process!

(Clip-ins are especially recommended for finer hair that doesn't tend to hold style well.)
